EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 9-17.

The restricted Claims 9-17, directed to a process of making an ethylene interpolymer blend, are cancelled since they do not share the same novelty feature as claims 1-7 and 18-25, directed to an ethylene interpolymer blend.

2. The following is an examiner's statement of reasons for allowance:

Applicants have limited the ethylene interpolymer composition of the instant claims to an ethylene interpolymer blend having specified properties in the Amendment filed October 19, 2007. Since Dubois et al. (US 6,107,430) does not teach or suggest an ethylene interpolymer blend, the rejections of the previous Office action under 35USC 102/103 are now withdrawn. Tse et al. (US 5,548,014) discloses an ethylene copolymer blend prepared in the presence of metallocene catalysts; however, the weight average molecular weights of the ethylene copolymers of Tse's blend is in the range of 20,000 to 100,000. Since Tse does teach or reasonable suggest the ethylene copolymer blends to have number average molecular weights in the range 1,000-9,000, the instant claims are deemed to be novel over the closest prior art, Tse, and are now in the condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Caixia Lu whose telephone number is (571) 272-1106. The examiner can normally be reached on 9:00 a.m. to 5:30 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on (571) 272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
